 - Union Twp. FD, Clermont Co. – Confirmed, Oct. 27, PM

- Summit Co. HM – Confirmed, Nov. 19 AM

Action Items:

- B. Brobst purposed that the committee should look into having HM teams, during Typing, address how they purpose to get their equipment & personnel from one point to another when asked to respond out of their region. The reason for this is many HM teams have their equipment & personnel in several locations, and to respond outside of their regions will or could be an issue. This may have to be addressed ins SOP's/SOG's.
- The committee was asked to look at any funding needs (\$\$\$) they may have for the 2010 grant year. This needs to be done ASAP for M. House to take to OEMA Grants.

Mel House talked about Branch Officer Training (reviewed scope of work)

- **Next Meeting:** October 19, 2010, @ OEMA, @ 10:00 AM

Respectfully,
Harry Burdick
Hazmat TAC Co-Chair
